I love hanging outdoors with my family and of course.... camping. We will be doing another camping trip this coming summer and I cannot wait. This cookbook.... The Flaming Marshmallow's Guide to Campfire Cooking is the perfect addition to this years camping trip! This guide has tons of recipes and tips on how to serve your family the most delicious recipes while camping! You can use this guide to prep your families meals for your next outing or you can use the delicious recipes right at home on your grill or fire pit! It is amazing and I truly love it! It is a paperback copy BUT a beautifully made paperback copy with gorgeous pics and recipes. The Flaming Marshmallow's Guide to Campfire Cooking includes tips for ensuring you can create delicious recipes while "out in the wild" when you are camping or hiking. It also provides you with tips for packing, cooling and storing your food. It goes one step further by providing you with tips on building the perfect fire for either

"snacking" or actually "cooking actual meals". I did not even realize that were different ways to build a fire to ensure your meals are cooked correctly until reading this amazing outdoor cookbook. We experimented with the directions to "Build a Cooking Fire" when making the Fancy-Ass French Toast Recipe... and it was amazing. My husband now uses this fire building method when we use our fire pit.... because it really works amazingly well. A Little About The Author... Nikki Fotheringham..... Her mum, bless her, hated cooking. Nikki... as soon as she was old enough began experimenting with cooking using an old Julia Child's cookbook she found propping on the end of an old bookcase in her home.
