Customer Reviews

Bea Brock's book is chock full of color, inspiration, tips and photos. The first amazing thing about this book is that not only does it show you "A rug" it shows close ups and not just one but many variations of a lot of the rugs. You can tell that A LOT of thought, planning and hard work was put into this gem. Even if you don't hook this book is sure to inspire you.

In the world of hooked rugs, it is hard to find images that are not traditional. This book shows outstanding, innovative and creative works. Also includes specific information on colors and tone ranges. Beautiful book!

I treated myself to this new book, and I'm glad I did. I'd never heard of Bea Brock, but she's clearly a talented rug hooker and designer. With a too-large collection of leftover strips of wool, I needed some inspiration to turn them into mats and chair seats. This book does the job! One look at the cover will give you an idea of all the beauty inside.

Bea has done an amazing job with this book....it will be a reference guide for me for years to come. Great pictures, clear instructions and great tips for creating colorful rugs. I would highly recommend this book for the amateur or experienced rug hooker. A real gem!!

Bea's book *Scrappy Hooked Rugs* is such an inspiration with it's delightful photos of finished rugs and witty humor. So glad that I purchased. It is full of helpful information about how to organize your "stash" so that you can find what you know you have and couldn't find before and so much more. Thanks Bea!

For anyone who loves geometric looking rugs, this is a must to own. The color illustrations are enough to make you want to get out your needles and wool. This book helps you see how to use up your scraps of wool in fun ways. You will love this book.

Great tips for organizing, designing and hooking rugs using up all the extra wool all us rug hookers accumulate. Very well written.

This is a good all-around book on rug hooking. Lots of ideas. I would have liked to have seen more true primitive rug ideas, but it really is a good book. I'd say any level of hooker could make use of the rug hooking ideas presented here.
