We searched for 3 months in bookstores, upscale kitchen stores, Walmart, , literally everywhere for a big blank cookbook. All of the options were too small, too plain, too crazy... You get the picture. But one day, this book just graced it's appearance in our search, and we couldn't be happier.P.S.: that's a great recipe. ;)

I was very excited to receive this:) I needed a book like this because I was tired of going back and forth on the computer to get a recipe. Now I can just jot it down instead of printing out recipes. Its bigger than I expected, so thats awesome! I was expecting it to be tiny. haha I don't know why. But yeah. I love this product already and I'm glad I found it!

Purchased these for my mother-in-law. She wants to write her recipes down for my girls to have

when they're older. I didn't spend a lot of time with the book before passing it to her, but it seemed like good quality. Nice glossy finish on the outside. Pages have a nice texture that I imagine will be nice to write on. Recommend.

This cookbook is perfect for keeping up with old family recipes as well as new ones I find and love on Pinterest. I do wish I had thought about finding one that's spiral bound or something. With this book, you have to hold it open somehow to use it. That's my own fault for not thinking ahead.

This was a gift for my sister as a keepsake / graduation gift (culinary arts graduate) I thought it would be great for here to have to write down her recipes and one day pass on to her kids. Something I wish our Dad had to leave behind for us when he passed away. He went to the grave with sour many great recipes still only in his head. He was an excellent self trained / family trained (learning from his mother and Grandmother)chef.

Such a gorgeous recipe book. This book is a good size for someone who doesn't have that many recipes. If you are looking for a large recipe book this may not be the one for you.

Such a great buy, the only thing I didn't like was the fact that the front page said "blank cookbook" I think it could look better without that because once you write in it that blank cookbook phrase is then wrong. Other than that I loved it!

I'm glad I bought this beauty, because it's helpful in keeping my recipes.
