Crafting With Cat Hair: Cute Handicrafts To Make With Your Cat

Synopsis

Got fur balls? Are your favorite sweaters covered with cat hair? Do you love to make quirky and one-of-a-kind crafting projects? If so, then it's time to throw away your lint roller and curl up with your kitty! *Crafting with Cat Hair* shows readers how to transform stray clumps of fur into soft and adorable handicrafts. From kitty tote bags and finger puppets to fluffy cat toys, picture frames, and more, these projects are cat-friendly, eco-friendly, and require no special equipment or training. You can make most of these projects in under an hour—with a little help, of course, from your feline friends!

Customer Reviews

My husband thought I was crazy all these years for collecting our cats' fur after brushing. But after playing about with a particularly copious wad one day, I noticed how felt-like it could become, very much like the wool rovings I've been collecting and paying good money for. Kaori Tsutaya has eclipsed my artful intentions with her book "Crafting With Cat Hair". But, ah, the sweet taste of redemption!! This book really depends on many other materials to augment the cat fur, such as felt sheets, pre-made objects, and items you can find in your recycling bin. I bought this book based purely on its title and cover, and I was hoping for more crafts in the vein of purely stand-alone needle-felted objects such as *Fleece Dog: A Little Bit of Magic Created with Raw Wool and a Special Needle*, *Little Felted Animals: Create 16 Irresistible Creatures with Simple Needle-Felting Techniques*, and *Wool Pets: Making 20 Figures with Wool Roving and a Barbed Needle*. The only stand-alone item made wholly from fur is the finger puppet on the cover, whereas all of the other

projects - hats and gloves, tote bag, coin purse, book cover, badges, boxes, pin cushions - are essentially needle-punched with feline fur or are embellished with a diminutive needle-punched pattern.
