The recipes are fabulous; I hope every penny of this expensive book goes to the refugees. But whose idea was it to print the recipes in pale grey ink? They're almost illegible. And the index, in an

even smaller point, still pale grey, is totally unreadable. Major design fail.

This is a beautiful book. If it weren't a cookbook, it would be a coffee table book - one you leave out for guests to leaf through to enjoy the photographs of smiling children and delicious foods. So far, the recipes are excellent, as well, and not too difficult for the average cook. I will be buying additional copies as gifts.

Marvelous book with beautiful photos if its excellent recipes. Gave two as gifts. Pleased that buying this book benefits Syrian refugees, but it would be an excellent cookbook without that extra perk.

I originally purchased this book because I love soup and I admire the chefs represented in this collection. However, it has become a coffee table book in our house and as a consequence a great conversation starter. It is not the recipes that bring up the conversation, but the photos, those beautiful, beautiful photos of the peoples affected by this horrible war. Look at the faces of the children and the adults and gaze into their eyes. You will be forever changed.

A very delicious book, but I'd say you have to be a bit adventurous-not terribly, but this is not a chicken noodle and tomato soup cookbook. There are quite a few vegetarian recipes, using a variety of vegetables. Lamb is also a popular ingredient in a few. I have made about three soups so far, sometimes with trepidation. They have all really tasted delicious !

GREAT book for a worthy cause! That's what you get when you include recipes from the world's top chefs in one volume. The book is beautifully designed and exquisitely photographed. It makes a perfect gift. Buy multiple copies and help provide urgently needed food relief to Syrian refugees.

Got this book yesterday - tons of delicious recipes that I can't wait to try. Something for everyone (vegetarian, non, easy, complex, etc). What I didn't realize is that the book also has incredible photos inside (Massaad is also a photographer) not only of the soups, but also of refugees she has met in Lebanon. Highly, highly recommend.

Great for fundraising, but the printing is not top notch, the layout can be better, the photos too....I get the feeling it was hurriedly put together by volunteers, so they could start the fundraising. Kudos on the fundraising part.
