The Knitter's Companion Deluxe Edition W/DVD

Synopsis

Now with two bonus instructional DVDs, The Knitter's Companion Deluxe Edition with DVD is every knitter's perfect reference guide! Chock-full of techniques, illustrations, and definitions, this resource has everything you need for knitting with confidence. Inside you'll find an overview of stitches, gauges, joins, seams, borders, and buttonholes, as well as detailed descriptions of each technique and photographs that show the finished look. Innovative methods are also explored in The Knitter's Companion Deluxe Edition with DVD, including additional ways to cast on, bind off, and increase stitches. Vicki Square shares an abundance of detail on color knitting techniques, plus favorite embellishments such as tassels, fringe, knitting with beads, and more. Vicki also shares with you in two extended DVDs every technique featured in the book. Starring in more than five hours of instruction on the DVDs, Vicki shares with you a truly hands-on knitting experience. All the information knitters need is right at their fingertips with The Knitter's Companion Deluxe Edition with DVD--an indispensable addition to any knitter's bag of tricks.

Average Customer Review: 4.8 out of 5 stars [See all reviews](#) (102 customer reviews)

Best Sellers Rank: #281,520 in Books (See Top 100 in Books) #521 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Knitting](#)

Customer Reviews

More than 250,000 copies sold of previous editions. This new expanded and revised edition comes with two DVD's. I must say first impression was - it's small. Very compact, I was expecting something bigger. I have not had the previous editions so cannot comment on those. The 'In Preparation' page brought a smile - Vicki suggests a nail file as handy for stopping rough nails catching yarn - how true, but I doubt that anyone else would have put it in a list of supplies for knitting. She has obviously thought of everything. There is some good information here that I have not found elsewhere and I have been knitting for over forty years. It's handy and could save the

knitter a lot of time. I like the section on sizing. Techniques including stitches and finishing, increasing and decreasing, cables and charts are clearly shown and illustrated as well as written. There is also a handy knitting and needle gauge. What a bonus this is for the knitter, especially the beginner. This review first appeared on Karen Platt's book review website.

I ordered this THREE times. This comes with two DVD's. The first Disk under the SEAMING chapter sub chapter "Kitchner" FREEZES 48 seconds into the topic. First order, saw the problem, returned and was sent a replacement. Second order, same exact problem in the exact same place. Contacted , I was refunded of course. took this off the selling page for a short period of time (less than a week). I noticed it back on the selling page, I inquired directly to find out if the problem had been fixed. I was assured it had been taken care of, and to go ahead and order another copy of the Knitting Companion book with 2 DVD's. They would pay the shipping. I was so pleased that the problem was handled so quickly. I ordered the THIRD copy, need I say more. Yes, the so called repaired or fixed copy, has the EXACT SAME DVD ISSUE. So I recommend highly, to verify if this is indeed rectified. Otherwise it's a great book, and if paying for the DVD's they should work properly.

The Knitters Companion is compact, easy to carry along with my knitting, has reliable information and is comprehensive in it's instruction. This will replace most of the knitting instruction books that I have on the shelf.

Have you ever had a mental block and pictures and word descriptions just didn't cut it? This book and accompanying DVD covers all the basics. Great video showing step-by-step instructions. With this at my finger tips, I can watch over and over again to solve any knitting issue I run into.

I purchased this title as a gift for several friends who knit, and for myself. I only wish I had had this book years ago. It's a must have for those who need to know the size of their needles, for determining correct sizes, for interchanging yarns, for realizing what those abbreviations mean, and for having illustrations at one's fingertip. For we who learn by observing, the DVDs are priceless for demonstrating how-tos. A great reference book for knitters--whether new or experienced knitters.

This is a great book for new knitters. I purchased it for a brand new knitter. She was able to use it to remember how to correctly make a knit and a purl stitch and also how to continue with the next step of the project. For her, it was how to bind off.

A nice updated version of the original Knitter's Companion. The DVD is helpful too for those of us who like a visual reference.

This is a well illustrated basic knitting reference. It is for beginners. I had hoped for an intermediate or advanced review of more advanced knitting techniques The information published here can be found easily in most knitting books or magazines... The only difference here is the format and good quality of paper used. This is a fine gift for a new knitter..
