Criticism

Customer Reviews

Mr Resnick's passion has created a collection of movie posters that reflect the creativity and quality prevalent in marketing movies in the golden era. The collection has been carefully thought out and the narrative brings us insight into a time when studios, writers, directors and stars brought us high quality entertainment of infinite variety. The graphic artists who created the marketing materials should also be lauded for their exceptional work. I appreciate Mr. Resnick's recognition of this work as an art form.

Ira Resnick has - according to his own text in this large and beautifully produced coffee-table-size book - been collecting classic movie posters for over 30 years. When it became more of an obsession he opened the only private art gallery devoted to movie posters. He also found himself on the Board of Trustees of Film Society of Lincoln Center, which allowed him to meet many of the still-living stars of films he loved. Though his collection numbers in the thousands, he has chosen 285 posters, lobby cards and publicity photos to present in this book. I expected to find the usual images I see in the many movie history books and at collectors' shows. Not so! The usual lobby card from the Marx Brothers' Duck Soup isn't here. In its place is one I've never seen. The same goes for films like It Happened on Night, The Lady Eve, and My Man Godfrey. The posters in the

book cover the period from the silents (in this case 1912) through Breakfast at Tiffany's in 1962 - though the late 50s and early 1960s are not highly represented. The first 40 pages, or so, contain essays on how Resnick began collecting, illustrated by some of his favorites. The following two chapters are presented chronologically with The Silents first and then separate chapters for the men an women of the later films. Each image is identified by size, date and country of origin (the graphic designers are not provided). And Resnick provides brief essays on the stars. Then we move on to posters grouped by Director and one on the most famous films. Finally there is a small grouping of beautiful posters for lesser-known (and in y cases "Lost") films. A bibliography and index complete the book. Since these images are being published - in most cases - for the first time, there will be many new discoveries for vintage film poster collectors, and film lovers in general. And, while not a reference book for theater facts - Resnick admits that he is is not a film scholar - the text is lively and entertaining. Steve Ramm"Anything Phonographic"

First you go through the pages for about two hours and can't take it out of your hands which means that you are a movie buff like me. Then, you go to your mother or father and you make the mistake of giving them that book that brings back memories of their favorite stars from the silent until the early sixties. They will keep that book and you'll be forced to buy another copy. Seriously, mister RESNICK is a movie collector who has managed to come up with a book that will appeal to all the movie fans of an era when HOLLYWOOD meant something. He has successfully shared his passion with us. Every big star of the time is represented, from CHAPLIN to AUDREY HEPBURN, from COOPER and WAYNE to BETTE DAVIS and MARILYN MONROE. All genres are well represented: westerns, comedies, dramas, science fiction. This is easily the best book of it's kind available. Don't hesitate to buy, you won't regret it. I am sure that MARTIN SCORSESE was overjoyed to write a preface to such a book.

This book, simply put is the absolute best poster book on old movies ever put in print. Fans of old Hollywood will flip, I have purchased this book 7 times now as gifts and the proud new owners have truly loved them. Ira Resnick is really the best at what he does and to see it in book form, beautiful to display as it is coffee table in size, is a 100 percent must have. Worth every penny, thank you so much Ira for creating the best volume ever on old Movie posters. The photos from your private archives are breathtaking to say the least. 11 stars out of 10, the absolute best!!!(Also included are the stories behind the collection and what a collection, sheer brilliance!!)

Wonderfully presented. It's been a joy to flip thru so many rare vintage movie posters.
