Customer Reviews

I would highly recommend this book for learning how to finish your rugs or to keep on hand as a reference. The pictures are so helpful! I took this to a local office supply store and had it spiral bound. I am now able to keep the book open to the page I need to look at as I finished my rug. Every rug hooker should have this book in their library. Keep calm and hook on!

This is a wonderful resource book. I like that there are several well-known rug hookers giving their advice on various methods of finishing a hooked rug. There is even a chapter on repairing and cleaning hooked rugs. No matter how long you have been hooking, there is always something new to learn, and this book is full of excellent information.

This book is a MUST resource for rug hookers. While there are books that cover some of the basics techniques for finishing rugs, this book has everything you need. The instructions and pictures are

excellent and are the result of a collaboration of teachers from across the United States. I personally have wanted a resource book like this since I started rug hooking 5 years ago! I highly recommend it.

Just down loaded the kindle version of this book. All I can say is "wow"! I think the most intimidating part of hooking a rug is the finishing. This book provides a multiple ways to approach this daunting task - from the most simple, to the most elegant. This book was worth the price.

I still consider myself new to the rug hooking craft, and I get a wide variety of suggestions on different rug binding techniques from friends. This volume gives me a comprehensive array of alternatives with clear directions on how-to.

Very helpful book with clear instructions of various ways to bind hand hooked rugs. I especially likes the crocheted edges as shown on the cover and am eager to try my hand doing this. Written by many longstanding artisans in the field of rug hooking. I was not disappointed!

Excellent pictures and explanations. Easy to understand. It will be a very useful book for our craft library in our rug hooking group. Thank you.

Great reference book. Learned new techniques for finishing plus important tips on which finishes go with which designs. Recommend without reservation.
