Love you Zoe! Love your talent! Love your creative mind! Love your cake projects!Wow! Another fabulous book of cake tutorials from the incredible Zoe Clark, that is literally a showcase of cakes, cookies, and cupcakes that are creative and elegant, and with instructions that are clear and precise. If you have any of her other books, this follows in the same vein of presentation and teaching.By now, most people in the cake world know that Zoe Clark is a world class cake decorator. She's also the owner of her ethereal "The Cake Parlour" in London. Behind her name and reputation are several other cake decorating books that are full of themed imagination and beauty.....this time she has taken vintage cakes and given them a solid pedestal from which to

teach. Following in the same vein as her other books, Zoe brings 30 projects, from 10 central themes, all coordinated between the main cake, with cupcakes and cookies to add to the beauty of each set. Part of the success of these genre of books is the photography and styling. Once again, Zoe has an incredibly talented team that gives you the rush of desire to create these jewels, by clear, crisp photography and perfect staging of each baked beauty. I found that the details of the decorations and efforts needed to create each project is very doable, even for beginners, though beginners will need to be solid in the basics of cake decorating. Though there are plenty of photos, there is not detailed step-by-step photography, but what is shown is quite enough to understand the process. As for the written instructions, they are clear and detailed and many! Some of the decorations on these projects will have tutorials, whereas others are assumed knowledge, in particular with the cookies and cupcakes.
