Crepes Cookbook: Top 50 Crepes Recipes Ready In Just 10 Minutes-Deliciously Upgraded Desserts, Breakfast, Even Fast, Fun Dinners

Synopsis

Top 50 Crepes Recipes Ready In Just 10 Minutes-Deliciously Upgraded Desserts, Breakfast, Even Fast, Fun Dinners Looking for crepes recipes? Find great tasting dessert recipes like crepes recipes including French crepes, strawberry crepes, and more crepes recipes and ideas Whether you're standing in line at a street vendor in Paris or in front of your stove on a Saturday morning, crepes feel like an extra-special treat. Of course, it's often not so much about the delicate, tender wrapping as it is about what decadent filling you choose to put inside. Do you have a favorite? Sweet or savory, vegetarian or not, light or filling - crepes are truly the perfect vehicle for just about any sort of filling you desire. Guess what? Crepes are fantastic. Not only do they provide endless stuffing possibilities, but they're extremely easy to make right at home in your own kitchen. All you need is a good pan, a dependable clock and lots of butter. The best part? You really can't go wrong with the sugary batter. So start scouring these 50 recipes that cover savory, sweet and everything in between. Here Is A Preview Of What You'll Learn... Customer Reviews

I love crepes and the recipes in this book are delicious and definitely recommended. It contains both savory and sweet dishes. It teaches the various technique of making and folding crepes. There are recipes from ham and cheese crepes to roasted Almonds and Poached Pear Crepes with chocolate hazelnut. Does that not sound delicious? There was even a seafood crepe, which I thought was pretty good. I always thought crepes were for breakfast. Not true. They can be for any meal!

Such an impressive recipe book! I haven't cooked these yet, but reading the recipe book makes me really hungry so I'm thinking I will soon. My neighbors usually enjoy being guinea pigs for my new recipes, and I prefer the savory crepes to the sweet ones, so this should be fun. Worth purchasing recipe book!

People who self-publish need to ask someone to edit their work!! While some of the recipes in this book sound good, it contains obvious mistakes that would never appear in a professionally published book. For example: they forgot to include any mention of cinnamon in the recipe that is named "Apple Cinnamon Crepes," in describing a variation on the pumpkin pie crepes they suggest "on Halloween night, add some ". Yeah, that is what the book actually says, "add some [BLANK]". See what I mean? Most upsetting is the fact that they seem to have forgotten to include a basic savory crepe batter recipe. They have sweet better, and variations on a basic wheat batter (such as vegan, gluten free) but no recipe for a basic savory batter. Many recipes mention using an herb batter, but I think to find that recipe, you will have to consult a book that was actually professionally published. Don't get me wrong, I am all for people being entrepreneurial...but if you are going to charge like a professional, how about applying some quality standards (like employing a copy editor...and proofing your manuscript!!)

This book is really good for those who have always busy schedule. The recipes are delicious and easy to prepare as well rapidly. The ingredients are also easy to find. The instructions are described by the author very well that even I can prepare these recipes myself. I am glad to have this book in my kindle library.

Great base recipes that can be used for many variations on a theme. This is a very good book for both beginner and advanced cook. It's very practical and quite easy to follow. The recipes for the different crepes made provide a myriad of ways to serve breakfast, lunch and dinner. People tend to think of ways to use crepes for dessert and this book gives you a lot of possibilities of serving savory

dishes as well. I would recommend this as a primer and also as a main source of crepe dishes for casual and more formal occasions.

I've always love the kitchen works especially cooking and baking. I also love to discover new recipes that I could share with my family. This time, I want to try the crepes which I haven't done before. I heard about it but haven't tried as I was more focused on different main dishes. I've found this book and I want to give it a try. It has variety of crepe dishes and I think it's easy to follow through. I hope I could enjoy every minute of doing the crepe recipes inside. This book is just amazing.

Nutty Caramel and Coconut Crepes with Banana Slices is a creative recipe. These borderline decadent crepes combine the smooth consistency of caramel, the velvety softness of sliced banana, and the chunky texture of nuts and shredded coconut. This makes it a perfect snack that will leave you completely satisfied afterward. If you want to get yourself trained for quick and appreciable cooking then going through this book will be a wise thing to do.

I would like to thank the author for all of the ideas shared on this cookbook. I tried most of the recipes and it is very tasty. I would say that the recipes in this cookbook are so delicious and I would recommend it to anyone who has a sweet tooth like me and loves sweets. I just can't believe that there are a lot of recipes I can try and each of it is so mouth watering. It is now one of my favorite books.
