The Great Little Pumpkin Cookbook

Synopsis

Pumpkins are one of those few ingredients that can do it all-soups, salads, starters, side dishes, dinners, and desserts. Make it sweet or make it savory, this native American makes any meal a little more festive. Here, Michael Krondl offers a staggering selection of choices from the traditionally familiar to the exotically ethnic.

Customer Reviews

This is the antithesis of the coffee-table book: paperback, pocket-sized, pumpkin-shaped, photo-less (in fact, entirely pictureless), and page after page of about 50 fantastic recipes! These are not just simple desserts (though there are several exotic ones), but spicy gourmet main dishes from around the world. I haven't seen a single one that I do not want to try. The only mark against is the lack of pictures, so you may have to use your imagination a little, though it will not impact your ability to make any of the dishes. That it is so small, unassuming, and pumpkin-shaped attests to the pure practicality and quality of the contents. If your taste tends toward the exotic, you can't go wrong with this book.

This year I had a small pumpkin patch in my backyard. It yielded 12 pumpkins. The only things I know how to make with pumpkin are pumpkin pie and pumpkin cheesecake. This little pumpkin cookbook has so many ideas and recipes. So far I have only made the pumpkin soup. I never would have thought of making that. It was delicious and I have shared the recipes with three people so far. The book has recipes ranging from appetizers to dessert. If you need ideas for cooking your fall

pumpkins, this is the book for you. It is a small book so it won't take up too much space on your shelf.

I gave this cookbook as a prize for a pumpkin baking contest. There's a variety of sweet and savory recipes in here. Only drawback is that there are no photos to see how wonderful they might turn out...but the surprise is half of the experience, I'm sure!

I really like that there are so many savory recipes in here. There are also great sweet ones but I love pumpkins in all ways. I wish it had pictures... that's my only complaint.

Very pretty cover of book. Wonderful recipies, just perfect for the fall.
