## Customer Reviews

This is one of the best cookbooks around! The recipes are simple and very delicious. Most of the ingredients are probably already in your cupboard. The best thing about this cookbook is that it has a large variety of recipes to choose from. This book also includes unique, yet profound sayings which are filled with wisdom and laughter. Out of all the cookbooks I own, I love this one the best! It's the one I grab when I don't feel like going grocery shopping for a hundred small items that I will never use again. If you have to choose just one cookbook for your life...choose this one!

Good recipes, low cost recipes, and just plain good food. I love making the Butter Horns Dinner Rolls for easy fresh rolls to go with any meal! From salads to main dishes, to desserts, you will find good food and you won't go broke making the recipes!

This was one of the first cookbooks I ever received, and it's still one of the most used. Recipes vary from casseroles, to desserts, to quick breads, and hearty breakfasts. Every recipe is simple but flavorful. This is the type of cookbook you reach for on a day-to-day basis. Highly recommended.

This book is great, has many easy recipies with ingredients you have at your home. A+++

If you're selling a 2nd Edition with a laminated, full-color photo on the cover--advertise that one. The cookbook that arrived looks NOTHING like the one being advertised--as it's got a Bonus Section. Too bad, I wanted the look of the old one as that's why I ordered it. Don't judge it by its cover.

This is about as Amish as I am. If you're going to purchase it you'd best be sure your pantry is full of Campbells Creamed Soups because that's the main ingredient in most of the recipes I looked at. Perhaps the Amish have fallen back on modern methods but it wasn't what I expected from a book with 'Country' in the title. I wouldn't recommend it to anyone for what it's supposed to be. I grew up in the country and I don't remember there being cans of soup in the pantry at all as a matter of fact. Unless they were home canned.

Book is in written form..not pictures. Some may not care for that, I don't mind at all as I read cookbooks cover to cover for ideas not necessarily the actual recipes. If you enjoy that then you will enjoy this book! Recipes are family style and don't always give exact measurements..but you are able to complete them with a little imagination and experience. Arrived early, well packaged, and in excellent condition!

Really nice cookbook! I enjoy the comfort food recipes. Made the 6 week Bran Muffins and they were wonderful. Nice to be able to scoop out batter that stays in the fridge for 6 weeks to make a quick breakfast!
