"The Beachcomber" will forever hold a special place in my heart. I was employed many years ago at the Marina del Rey restaurant and also visited the others on occasion. Our bartenders never divulged the "secret" recipes to ANYONE. A few of these concoctions are my very favorite, and I had no idea how layered the ingredients were. Now we can make them at home. The harder to find liquors/spirits can be found at a wonderfully stocked supply house- or Google it.--Thank You to Pheobe Beach for allowing these recipes to be published!

Meh. Meh meh meh meh meh. TOTAL MEH. Not kidding on the "little" part, this thing is tiny. Additionally, the recipes in it cannot be trusted: Listen, I know that the recipe for the Zombie is up for debate, but this one has one of the crappy Zombie recipes in it. Additionally, the recipe for "original

Mai Tai" in this hunk of crap of a book is so far off base that you'd be better off using it as a coaster than a guide for mixing libations. Boooooooo! Boo I say! Do not buy this book.

This book contains classic tiki cocktails from the legendary Don the Beachcomber with great photos and informative text. A must have if you like tiki and tropical drinks!

Great little book for the tiki bar collector. Drinks are yummy and book adds to my collection a must have if you have ever been to Don's in Huntington Beach

Some really good looking recipes. I think I'll have fun with this book making some different and exotic drinks. I love drinks in Hawaii.

It contained the information for the specific drinks that I remembered from the past and that I was looking for.

Great drinks...Some of the drink ingredients are tough to find. but worth it...

The book is dedicated to "rum" drinks and no more. There are no pina colata or chi chi recipes in the book and they sure are many in the islands. Should be titled Hawaiian Rum Drinks. I tried several of the drinks and they were only so so and not at all what I experience when I am in Hawaii (my latest visit was last month for 3 weeks). Save your money.
