Not Your Grandmother's Log Cabin: 40 Projects - New Quilts, Design-Your-Own Options & More

Synopsis

Shake up your Log Cabin with a 60" ruler! Best-selling Authors Marci Baker and Sara Nephew are back with a new slant on the Log Cabin. This updated second edition includes 6 new patterns, for a total of 40 projects! A robust "design your own" section with setting shapes, alternate blocks, and border options will help you uncover infinite possibilities. Use the 10" Clearview Triangle ruler, also sold by C&T Publishing for fast and easy cutting.

Customer Reviews

Sara has taken techniques she loves and shared them so you can create amazing quilts using her techniques. Sara has so much knowledge that she shares with you and gives you the techniques so that you can design your own quilts. You do need to purchase some clearview triangles but if you already have them then you are good to start. Sara even takes you through how to cut each piece and what shape it will make. This is perfect for me as I am new to quilting. Sara gives you so many tips that you soon feel confident and able to make the different quilts. Each of Sara's instructions is accompanied by a diagram or picture. The instructions are really easy to follow and understand. The double page index of quilts gets you excited from the start. Your eyes are just filled with the amazing designs. They are just so varied and are suitable for most personalities. You are sure to find and love numerous designs. At first when you look at the designs they look scary because they are so detailed. You don't need to worry. Sara takes you through the design with diagrams so it is split into smaller sections that you can follow more easily. The designs are beautiful and stylish. They really aren't your grandmother's log cabin. They would look beautiful in any house. Sara really takes

quilting to a new level. If you quilt and are looking for something new then I really would recommend this book. I received this book to review. However all opinions expressed are my own. No monies were exchanged.

Was really excited when I saw author on The Quilt Show with Alex Anderson and Ricky Tims - so I ordered her book.... Less than excited with the book. Nothing really new or different in this one..... It is OK as a reference guide, but if you are (as I was) expecting something else, you may be disappointed.

These are all beautiful quilts, but alas, as I am still working full-time, I don't have time to make such intricately-pieced quilts. I had better stick to simpler quilts. So I think quilters should be forewarned that these are very time-consuming quilts that have to be made with lots of patience.

Very good book with interesting patterns.

So many great ideas! Good, clear instructions.

Great Book. Very happy with vendor. :-)
