## Customer Reviews

I remember eating at the Pink Adobe before it was so fashionably famous; Santa Fe gets a lot of celebrity visitors and the Pink Adobe is a favorite spot to see and be seen. The recipes are gourmet, but also typical of the Southwest; Posole (hominy and pork stew), Gazpacho, Turkey Mole. There are a lot of good salad recipes here, too. Many of them have a lot of mayonnaise, so are adaptable to low-carb diets. And there is a good discussion of chiles, from Anaheim, Poblano to Pequin and how to roast a green chile, skin it and freeze it for use later. If you like Southwestern cooking, which is spicy but not like Tex-Mex, this may interest you.

I first learned of the "Pink Adobe" from a television segment on PBS entitled "Great Chefs", Ms. Murphy was a featured guest. She made cooking look simple and easy, combining fresh, quality ingredients to create a finished product in what seemed like no time at all. I bought the "Pink Adobe Cookbook" and fell in love with the easy to follow recipes that utilized fresh quality ingredients to perfection. The variety of recipes is good. I once prepared a buffet of everything from appetizers, main courses, stews, and desserts only using Ms. Murphy's book. Great for those who like

adventure in cooking and eating!

This is by far the best cook book, southwest or otherwise, I have ever owned. The pages are falling out now, but trust me, if you can get a copy, you will receive rave reviews for your cooking. It's simple and elegant, for everyday or entertaining. Fix the chicken enchiladas and black beans and rice - everyone will want your secret! GET THIS BOOK!

Wonderful cookbook! I had a book just like this and when I went to look for it recently could not find it! I was so happy to find a copy on for a great price and with an autograph of the author! Thanks!

Great cookbook. I was raised in Santa Fe and remember the Pink Adobe very fondly. My favorite dessert of all time is the Sicilian cake, you have to try it as well as the green chili stew, very authentic recipe. Nope, too many great recipes to list, you have to buy a copy if you can find one.

A classic. I had one, and bought another for a friend. Perhaps a little heavier than a lot of people cook today, but several wonderful recipes that we enjoy. Highly recommend for those interested in non- traditional southwestern cooking.

This is one of the first cookbooks we bought when we moved to New Mexico. I love the mix of NM cuisine and cajun influence. I am from the Gulf Coast and spent 5 years in rural New Mexico. Pink Adobe's fusion is loving and genuine. The book has some great basic recipes but the pièce de résistance is the meatloaf. It is succulent and spicy and hearty and sweet. I never imagined meatloaf being as good as this is. It is ketchup free and fantastic. I mix up the jam that I use as a glaze and often substitute homemade peach-green chile or apricot-green chile. I would buy this book just for this recipe.

What a delight to have this classic cookbook published in 1988. Having supped at the Pink Adobe this spring, I am so happy to have the recipes from the original restaurant. The Rosalita cocktail recipe is excellent and I am looking forward to trying the barbecue sauce for a special family cookout this weekend. Rosalea Murphy was a wizard of fusion Creole, southwest and Hispanic foods!
