## Customer Reviews

This is a fantastic cookbook for those that are intersted in learning to make their own tortillas. Loads of ideas, how-toos and recipies. Good pictures to guide you along in the learning process too.

I was looking for more tortilla recipes rather than recipes of what to put in tortillas. Otherwise its a good cookbook.

It is a well rounded book, with not only tortilla recipes but also recipes for mexican/spanish dishes that can be used with tortillas. I got this for my mom and she has not yet tried any, but they look delicious and have great pictures. The only thing is I was hoping for more actual tortilla recipes, but I guess she can just add things as she likes to change it.
