Customer Reviews

I had this Cuisinart Cookbook when I purchased my first Cuisinart food processor quite some time ago. In moving from Alaska to Seattle I lost it. I was very happy that it was still available and in such a good condition.

Product was an old and poorly written book...I felt deceived...From now on I will only purchase if I can look inside...probably first book ever written

Real basic book, not that useful. Glad I didn't pay full price for it. Real simple recipes. not happy with it
