Excellent guide cooking directions, included recipes for many rice dishes. All the recipes I have tried where easy to follow and all taste wonderful. If you have a rice cooker I would definitely recommend this book

This is such a wonderful cookbook. The first recipe I tried was the âœMango Nut Squash.â • Absolutely delicious! Last night, I made the âœBrown Cabbage.â • The grocery store I shop at didnâ™t have the Asian cabbage so I used bok choy like the book suggested as a variation. It was mouth-watering good! At the end of each recipe in the book are nutrition facts: calories, fat, protein and carbs. That is such a great feature since I always seem to be counting calories and watching the fat content of everything I eat. Tomorrow night Iâ™m going to make the âœShrimp Shitake.â • The recipes are quick, easy, and healthy. If you like to eat great meals, youâ™ll love this book!

As a Trader Joe's devotee I pounced on this title and am happy to report I was not disappointed! If you know the TJ aisles as well as I do you will welcome this clever specialty cookbook that uses items unique to the store. Sure you can make these meals with ingredients from elsewhere but this book makes it a lot easier, especially if you are a dude who shops there and nowhere else and finds the idea of scrambling around town for ingredients overwhelming. This book saves you time because all you need is at your favorite store. It almost forces you to cook! It has completely reinvigorated my diet. Awesome.

I am a rice junkie, and this book, âœRice Cooker Recipes - Asian Cooking - Quick & Easy Stir Fry - Low Sugar - Low Sodium by Dexter Poin is loaded with great Asian recipes. And not the routine kind of recipes â€“ how about Corn Baby Shrimp Baby or Big Red and there are lots of extras for making stir fries and the Trader Joeâ™s bonus. I buy a lot of cookbooks, but this is one Iâ™ll be using a

lot. Five stars.

The author (aka, Chef Boy R Dexter) asks in the first few pages of the book, "Are you a Recipe Junkie?" Well, of course I am...isn't everyone? My husband is Cajun, so as you well know, rice cookers are to Cajuns what honey is to bees. I've always just used mine for cooking rice, so when I saw you could actually make meals in it? I jumped on this cookbook! The beauty of digital cookbooks is that you can take them to the grocery store with you (just pull it up on your iPhone or electronic device) and get what you need. I found so many recipes - there is something for everyone in this book. If you want Asian, Seafood, High carb, Veggie,....it's in there folks. Add it to your cookbook collection - you won't be sorry.

Now here's a rice cooking book for recipe junkies. We all know how healthy rice-based meals can be, when prepared properly in a low-salt, low-fat recipe that may be, well, healthy but a bit boring. Enjoy some new twists for the rice aficionado in Dexter Poin's "Rice Cooker Recipes - Asian Cooking - Quick & Easy Stir Fry - Low Sugar - Low Sodium - (BONUS: Trader Joe's Ingredients Asian Style Recipes) Rice Cooker ... - #HEALTHYEATINGONABUDGET - Recipe Junkies) [Kindle Edition]. Need I say more? Buy the book, try the recipes, and enjoy.

I was recently gifted a rice cooker and I am not a big fan of just rice. My desire for innovation brought me to this book, and I loved it. The names of the recipes are engaging and fun. Pretty much personifies the food! I love the turkey soup, kung pao eggplant and the mango nut squash. I found the instructions really easy to follow and precise. Even as a first timer, the recipes were simple to use. I like how the author has introduced recipes for different situations, like workouts. Great book!

These are real and helpful recipes. Anyone can use this book. If you have never cooked before get a rice cooker and try one of these great meals! If you love to cook mingle through these meal ideas and enjoy cooking with a rice cooker! I really love this book. I go to Trader Joes so I always have some of these items on hand - good ideas I can use.
