## Customer Reviews

I am a chef and love Ceviche. I purchased my first copy of this book in Peru. I purchased my second copy from as a gift for a fellow food lover who loves to cook. The purchase from was by far a better deal than my original purchase. If you love ceviche as much as I do you will love this book. I highly recommend this book and the best price is from !!

I highly recommend this book to anyone interested in learning about making ceviche at home. It demystifies the process, and it contains some delicious recipes, with very appealing photographs of each item.

This book has tons of great recipes that we have used. We also use these recipes and modify them based on the ingredients we have available. I will note that some of these recipes can be a little intimidating for a ceviche beginner and some of the ingredients used in a lot of the recipes are hard to come by even though we live in a major city. But besides that, I would not hesitate to purchase this book if you are looking to up your ceviche game!

I live in Mexico and I am a ceviche hard core fan. This book is a jewel because it shows many dishes from different countries what makes it very interesting to me. Good photos.

This is an excellent cookbook. Many great recipes for a variety of ceviche and for yummy side dishes to partner with the ceviche. I have only tried a couple of the recipes so far, and they have been wonderful. Would suggest to friends

For us who love ceviche this book does that culinary tradition justice. By looking at ceviche as a category, it transcends my Latin American experience with recipes from around the world... making the book a load of fun!

This is a great book for anyone who wants to experiment with ceviche. I had no idea there were so many alternatives. Having this book has enabled us to easily experiment with alternatives for meals. Love it!

The recipes are very exciting and interesting. I have a feeling that I may have difficulty finding all the ingredients, but it gives me some great ideas - there are so many variations of this dish!!
