Great Grilled Cheese: 50 Innovative Recipes For Stove Top, Grill, And Sandwich Maker

Synopsis

Brie and apricot jam on a baguette; spinach and goat cheese on a croissant; blue cheese and fresh figs on crusty Italian bread: this is not your mother's grilled cheese sandwich. In "Great Grilled Cheese, cheese expert and award-winning cookbook author Laura Werlin presents 50 scrumptious grilled cheese and panini recipes that range from the traditional to the contemporary. In addition to the more inventive combinations, including grilled cheese for dessert, there's always room at the table for the classics: grilled American on white, or apple, ham, and cheddar on sourdough. Werlin discusses techniques, nonstick versus cast-iron pan, whether to cover during cooking, how to use the ultrapopular panini machine. Maren Caruso's tantalizing photographs perfectly convey the appeal of creamy melted cheese pressed between two slices of crisp, buttery bread. For cheese aficionados, parents whose kids insist on grilled cheese at every meal, and the kid in all of us who craves comfort food, "Great Grilled Cheese

This is my favorite of my 5 panini recipe books. I bought it when I got my Cuisinart Griddler with Panini Grill. These sandwiches are truly fantastic. Some of the other books have some really wierd combinations and only a few recipes that sound appetizing, but this book is a real winner. These hot sandwiches are very addicting...delicious and so fast and easy to make!

THE BEST GRILLED CHEESE BOOK EVER!!!!!!The recipes for these sandwiches have simple and

short ingredient lists for each sandwich, all can be found at the store! Best Ever (in my point of view)* Classic and easy Ruben, You will need a napkin!* Summer Plums with Brie and Blue Cheese, Shock the In-Laws.* California Grill, Jack cheese, salsa and avocado on sourdough, for when you are too tired to cook after work.* My favorite "never fails to make my dieting sister hate me" sandwich is Roast beef with cheddar and Blue Cheese Butter!! Highly recommended.

Some of the most delicious grilled cheese sandwiches and quesadillas I've ever had. I use this book every weekend.

The recipes are imaginative, the directions are clear, the results are sublime. My only question is, I look at her photograph and ask, how can the author look so slender?!

Bought this for two reasons - an expanding cookbook collection and a daughter obsessed with grilled cheese sandwiches. Not disappointed. I could never have imagined the variety of cheeses, breads and ideas - have tried some of the suggestions and have not been disappointed yet.

My girlfriend bought me this in conjunction with a panini press pan, and it was great. We tried one of the recipes the first night and it was delicious. It doesn't reinvent the wheel at all, but it does give some great ideas and ingredient combinations. Definitely useful to have when you are going through the cupboard trying to cobble together a meal out of ingredients that seemingly won't go together.

Now that the weather is getting cooler, and with an abundance of tomatoes still available in the backyard, what's better than trying out Laura's melted cheese suggestions? Humm good. Sherry

Come on, how can you NOT love a cookbook about grilled cheese. This one is great, a little something for everyone from the simple to the sublime. Bought our daughter one and she probably uses it more than we do. Pretty sure you'll like this book.
