# A Dog's Purpose Boxed Set

## Synopsis

Two New York Times and USA Today bestselling novels together at last! This is the remarkable story of one endearing dog's search for his purpose over the course of several lives. More than just another charming dog story, W. Bruce Cameron's *A Dog's Purpose* touches on the universal quest for an answer to life's most basic question: Why are we here? Heartwarming, insightful, and often laugh-out-loud funny, *A Dog's Purpose* is not only the emotional and hilarious story of a dog's many lives, but also a dog's-eye commentary on human relationships and the unbreakable bonds between man and man's best friend. This moving and beautifully crafted story teaches us that love never dies, that our true friends are always with us, and that every creature on earth is born with a purpose. When Buddy is reborn in *A Dog's Journey*, he realizes that he has a new destiny. He's overjoyed when he is adopted by a vibrant but troubled teenager. When they are suddenly separated, Buddy despairs—*who will take care of his girl?* A charming and heartwarming story of hope, love, and unending devotion, *A Dog's Journey* asks the question: Do we really take care of our pets, or do they take care of us?

## Customer Reviews

I read the first book this summer and it is fabulous. Be prepared to laugh and be prepared to cry. A must read for every dog lover! I'm getting this boxed set for sure! I just can't decide whether to give it as a gift or to keep it myself!

What a great author. Life through the eyes of a dog. What sensitivity and creativity to show the dogs

mind as he passes through life's difficult mazes and non-verbal communication. Bruce really understands his subject and what love he shares. I cried and laughed, as did my sister (who warned me, when she read it first) and roommate (Who wanted to toss the book after the first death). We all just bonded with the dog sooooo much. We all (three of us) loved this book and are now reading all Bruce Cameron's other books. This is a lovely find for animal (dog) LOVERS

These stories were written from the perspective of the protagonist in the set, a dog who lived a succession of different lives. The author did an excellent job of characterizing how a dog might think - simple, loving, completely devoted to his "humans". The set was recommended to me by a friend and after I read the series, I have given the books to several of my dog-loving friends who also very much enjoyed both books.

I bought this book from another seller, however this is a great price and much more importantly one of the best books I have ever read. I read a great deal and try to donate my books there is one book I kept and I will reread it again. Anyone that is an animal lover will love these books.

Beautiful stories! I highly recommend for any dog lovers. I gave this box set as a gift to a friend, I also bought just the 1st book, A Dog's Purpose, for my brother. The 2nd book is a bit more targeted towards a female audience (IMO) but the 1st book works well for a male or female reader. I loved them both!

Awesome set of books - totally different way of thinking about how dogs might think and definitely an alternate perspective on what happens when (if?) they leave us. Rollercoaster ride of ups and downs - your heart sinks at a loss but is then lifted up as you read on! Must read for any true dog lover - even if you don't end up believing the general premise - there is so much more to take away from this set of books. Highly recommended! (Also - great transition from one book to another - ever wish a book wouldn't end? This set is very cohesive and carries the story on seamlessly. Only problem is - I didn't want the second book to end either!)

I loved how it took me through the journey of a dog's soul to always be with the one they love and care for even if it takes many lives to do so. I did think that the second book seemed to be a bit drawn out and is a continuation of the first but it is worth it to make it to the end which solidifies the whole purpose. This book is great for those of us who love our dogs and miss them so much after

they leave us through death. It warms the heart for those who believe that there is so much more beyond what we can comprehend.

Best books I've read hands down. Makes you really think differently about your animals at home.
