## Customer Reviews

I love reading Crusoe's blog on Facebook, so treated myself to this book. I was expecting it to be

just a few pages, but it's a nice, thick, quality mini-coffee table book. Even has some recipes included. You won't be sorry you bought this - especially if you enjoy Crusoe's blog or have dachshunds.

I discovered Crusoe's blog maybe a year ago, and it has become my favorite blog. Partly because Crusoe's dad makes such creative costumes for Crusoe and partly because the writing is great.. Some of the costumes include pilot, policeman, fireman, doctor, pirate...and the #1 of all times, Minions!! Crusoe seems to be having such fun with all the costumes and the adventures. When the book became available on pre-order, though, I wasn't that excited. I thought - I read the blog, why do I want another book around the house? I'll probably read it once and then never look at it again. But in a moment of weakness (and love of dachshunds), I purchased it, and I am so glad I did. The book itself has a sturdy feel to it. I can open it to a page, and it stays open so I can leave it open to my favorite picture/story of the day. The cover isn't a paper jacket that will tear, but a sturdy cover that will hold up to dog slobber and rough wear. The content includes high quality photos, interesting graphics, and excellent writing. I actually sat down and read it all the way through the day after I received it. (I kept saying, just one more story.....) And I have dipped into it several times since then, "forcing" family members to look at the adorable Crusoe the Sushi Chef or Crusoe does Italian! I think what makes this different from other dog books is the great writing. Even if you aren't a dachshund lover, you will enjoy the fun this dog has, and his droll sense of humor. If you aren't sure, read a couple of blogs and see if you like this style of writing. Then go buy the book. You won't be sorry. In fact, I need to buy another one for my SIL for Christmas.

You have no idea how excited I was on the day my copy of 'Crusoe, the Celebrity Dachshund: Adventures of the Wiener Dog Extraordinaire' was due to be delivered. I was distraught when I realized the package was listed as having been delivered to my front porch--but was nowhere to be found! This led to a frantic search in the cold late October rain that took my fianc © across the highway knocking on neighbors' doors inquiring about my missing package. Eventually he found it under someone's porch steps, completely drenched! Luckily, the book has really thick, glossy pages that prevented significant water damage. I was overjoyed to finally have my copy of Crusoe's book in my hands! It was so worth the anticipation and every dime I spent on it. As a long time Crusoe fan, (he's my favorite celeb, hands down!) this book is an absolute treasure. The photographs were really high quality and unbelievably adorable with cute captions that let Crusoe's personality shine through. As a dachshund owner, I know how unique and special every little sausage dog is and

Ryan Beauchesne does such a great job capturing the voice and shine of his dachshund extraordinaire, Crusoe. While I enjoyed the whole book and found myself giggling and squealing multiple times, my favorite chapter was "Date Night, Bachelor Edition" (Oh my goodness, could this book be any cuter!?) And please don't tell Crusoe, but the picture of baby Oakley made me melt like no other! 'Crusoe, the Celebrity Dachshund: Adventures of the Wiener Dog Extraordinaire' is a wonderful keepsake for Crusoe fans and/or dog lovers in general. â††â††â††â††â††

This is one of the BEST, fun, most enjoyable books about a celebrity dog you'll ever read: Crusoe, the Celebrity Dachshund: Adventures of the Wiener Dog Extraordinaire I can't say enough great things about Crusoe's first book. Reading about his adventures put a smile on my face. Such a personality! Such a handsome dog! Such adventure and fun! We have a black and tan Dachshund named Tyler in our family, who is very much like Crusoe- fun, happy, energetic and awesome. I tried to read 2 pages a day, just so it wouldn't end -and I look forward to re-reading it over and over, and to Crusoe's second book! Maybe on the next book tour he'll come to the Baltimore/Washington area. We LOVE Crusoe!!

What a way to start a Monday . . . Crusoe is here! Crusoe is here! I anticipated loving the book from the time I heard it was being offered - but I had NO IDEA it would be this dynamic! If you order it you already love Crusoe - but the time, effort and complete self confidence that went into this 232 page EPIC (adj :very imposing or impressive; surpassing the ordinary, especially in size or scale) is amazing. Crusoe walks the walk and talks the talk. You really need to read what he has to show and say. When is the next book coming out?

This book is a wonderful complement to the well popular Crusoe's blog. If you follow the rated "best blog of the year" you already know how hilarious this little cute dog can be. The book is at par in terms of funny text, great pictures and overall quality. It is a great value and wonderful gift for any dog lovers or if you simply want to read something and get a good laugh out of it. I loved the psychiatrist story and many more. This is a hit and I am not surprised it is already a best seller. Good job Crusoe!
