## Customer Reviews

The book itself is great - the food is fabulous, and instructions are easy and simple to follow. I got the hardcover as a Christmas gift, and got myself the Kindle version, as I use most of my recipes

from the iPad these days. The Kindle version is a match to the hardcover, with one huge exception: there is no table of contents in the digital version. Having to manually swipe through each of 230+ pages is MADDENING. Would be infinitely more useful Kindle book with a table of contents so that I didn't have to hunt for ten minutes to find the right recipe!

Since moving to DC Founding Farmers has been one of my favorite restaurants. I have always loved every meal I have tried there so very excited for this cookbook when I heard it was coming out. There is a great variety of different recipes including for some of my favorites Benois and Yankee Pot Roast! This is not your 30minute meals type cookbook as for every recipe we have made has taken at least an hour of prepwork and cooking and usually much more than that. The time commitment however is well worth it in the end. It is important to realize however that what makes Founding Farmers so great is the high quality ingredients they use in every recipe (which may not be as easily found for us average chefs). If you are looking for a high quality cookbook of great, but time consuming recipes, or a big fan of Founding Farmers (like anyone who has ever ate there) this is the PERFECT COOKBOOK for you!

Love this restaurant in DC and the book is a lot cheaper here than buying from the place directly!!! (Even the servers will tell you how yep save a little moola by buying here!) Trust me, they are NOT hurting for it!

Great cookbook! I made the butternut squash ravioli and highly recommend it for the vegetarians coming over for thanksgiving dinner. The ravioli could also be used as a side dish instead of sweet potatoes. The chicken wings are not fried, they get roasted in the oven after marinating for several hours. The wings are the best I've ever had! I also made the veggie burgers and I didn't have a golden beet so I used a red beet and it made it look like real hamburger. I'm not sure if vegetarians want a burger that looks like meat but it tasted so much better than meat.

I couldn't wait to purchase this cookbook, having eaten at the Founding Farmers restaurant in DC and finding their food outstanding. This cookbook did not disappoint me. Just flipping through the pages my mouth was watering. And the recipes themselves are great. These are not simple recipes, and the dishes are fabulous.

I gave this book as a Christmas gift and was an instant hero upon presentation. It helps if you have

visited a Founding Farmers restaurant (which we did) and enjoyed the food. The unique menu intrigued us and the flavorful dishes delighted our palates. We forgot to ask about the cook book on the way out, but I was pleased to find it online for less. Now the task of recreating the dishes begins.

Beautiful book (inside and out) lot's of delicious looking recipes (haven't tried any of them yet but if they're half as delicious as the food at the restaurant, I'm sure they'll be great). Cool Christmas gift for my chica.

I bought this cookbook after visiting the restaurant in DC. My sister-in-law and I love cooking and we recently made the beignets for our families. They were delish!! Great recipes and the book was cheaper than if bought in the restaurant.
