Customer Reviews

I purchased this book for my mother, an avid scarf wearer. When I received the book, it was packed with such great ideas and so many pretty drawings, I knew I'd have to order a second copy for myself. Love, love, love this book!

This is a Beautiful Book!! It is unique in that every illustration is hand drawn by the author! Lauren brings to the reader wonderful ideas that anyone can perform, following her instructions! I love, love, love this book and have also given it as a gift to many of my friends!!!

I bought this as a gift, but looked through it first. I chose this particular book because it seemed far more current than many of the others offered from the 70's and 80's! I was pleased with my purchase.

This book is fun to read, even if you don't wear scarves! Love the ideas, the illustrations and the writing. Great gift idea!

This book makes a lovely coffee table book in addition to an informative how-to with its gorgeous illustrations and clever musings. I highly recommend this book for yourself and as a gift!!

50 WAYS TO WEAR A SCARF is a fantastic book! I received it as a gift (with a new scarf) and I love it. There are so many scarf styles I had never seen before, and the illustrations are absolutely stunning. I'm planning to buy a few copies so I can gift the book + scarf combination to my friends. The perfect gift!

I'm basing the ratings on the great neck scarf ideas. I wanted to be fair, but I bought the book based on the negative review that the book had too many head scarf ideas. I was very disappointed that this was not the case. Was this based on another book? The case is actually reversed. There are very few head scarf ideas. I don't wear scarves around my neck, but do wear head scarves. It makes me wonder if the reviews are really accurate. I do have to admit that I generally scan the reviews and look for negative ones because they tell me more in some cases about whether or not the book is something I want to read. Not in this case ã Æ Æ™Æf

Never be insecure about wearing a scarf again; this book details ways to wear scarves of all kinds, with many wardrobe items in ways I'd never experienced. I am pleased with the book and am using it along with my 13 and 15 yr old granddaughters. Great find.
