Oh how cute are these little dresses? I have been looking for a decent book of designs and patterns for little girl dresses. I am glad that I was able to obtain this book through the Cloud. I've made a few dresses already, so I'm delighted to find some new designs. I think they are very cute, easy to read and follow, and modern. These aren't your grannies dresses. I can't wait to get started. They also give directions on daisies, roses, stars, and headbands. The only thing I'd like to see is more pictures. I'm a visual learner, so a walk through with pictures would be nice. But, in saying that, this book is nice to have in your cloud or kindle.

I absolutely love the dress patterns in this book! There are some other really great patterns as well. Give it a look!

Don't crochet much any more, but I might start now.

very cute patterns can't wait to make them
