The New Slow Cooker: More Than 100 Hands-Off Meals To Satisfy The Whole Family

Synopsis

Awaken your tastebuds with a whole new approach to slow-cooking. Over 100 classic slow-cooked recipes are updated for today's cook, and are bursting with fresh, bright flavors and crunchy textures. From succulent beef to melt-in-your-mouth chicken to hearty legumes, this book contains an irresistible array of recipes your family will love. In this book, you will discover a whole new way to use your slow cooker to make more than 100 succulent dishes by enhancing them with bright fresh flavors: Tender short ribs in a sweet and spicy sauce are elevated with a crunchy daikon, carrot, and fresh herb salad; zesty chicken-tortilla soup is layered with sweet corn, creamy avocado, and earthy cilantro; and sliced brisket is perked up with a verdant, herb-laden chimichurri strewn with sweet cherry tomatoes. The slow cooker has become one of the most popular kitchen appliances for today's busy home cook, and it is easy to see why: comfort has met convenience, with delicious results. The best slow cooking, however, is an art that is only achieved with a little finesse. This book reimagines what the slow cooker is capable of, bringing freshness, color, and texture to the flavorful stews and braises of slow cooking and creating a road map for the modern cook. Rounding out the book, the lush, tempting photography is not only mouthwatering but also inspirational, with visual ideas for textural and flavorful garnishes. Welcome to a whole new way with slow cooking.

Book Information

Hardcover: 224 pages

Publisher: Weldon Owen (October 1, 2013)

Language: English

ISBN-10: 1616286024

Customer Reviews

LestISmiteThee.wordpress.com (originally posted on Goodreads) The New Slow Cooker is my new favorite cookbook. Not only does everything I've made so far taste fantastic -- which hasn't been a

common experience with other cookbooks -- it's lured me out of my comfort zone to try new ingredients (wine isn't just for drinking) and reintroduced me to how rich and tender slow cooker food can be. My husband and I will also be less tempted to eat out since we've been reminded of how much cheaper it is to make restaurant-quality cuisine at home, and how nothing beats the flavor and texture of slow-cooked food. We were looking through new 2013 recipe books at the store and this was the only one with a ton of fresh, new ideas we wouldn't have thought of on our own.
