"*I Am Pusheen the Cat*" contains the adorable illustrations of Pusheen living her life, as an every-cat. If you're not familiar with Pusheen, she is a grey tabby cat whose name translates from Irish Gaelic to "kitten". She has a zest for adventure and an equal love of food. Many of the stories and comics, featuring Pusheen and occasionally her sister Stormy, are comics that long-time Pusheen fans will no doubt recount with joy for the second (or third, or fourth...) time. Newcomers to Pusheen will undoubtedly be enchanted with her all the same from the collection in this book. The quality of the book itself is superb, and the pricing is on par as such. "*I Am Pusheen the Cat*" is a

fantastic book to share with all ages. This book is perfectly Pusheen.

This book is a comic like book that is about the cat Pusheen and her adventures through her kitty life. This book is very easy to read and would be great for children. This little book had the cute meter overflowing with cute and funny antics that Pusheen got herself into. The book is also very insightful in an educational way about real cats and how they should be treated and respected. I loved this book and I might even buy a copy of it to have in my my collection on my bookshelf (has only a digital copy). This book was EXTREMELY cute and funny and I know kids and adults would love it. Everyone needs a little Pusheen in their lives!

I have to confess that I wasn't familiar with Pusheen before I saw one of my friends reading this book on Goodreads. She mentioned that the book was available for reviewers on netgalley and after spending about half an hour browsing through the Pusheen the cat website I couldn't resist requesting a copy. I am a sucker for cute cat pictures and videos, I have all of the Simon's Cat books and regularly flick through them when I need something to make me smile so after giggling my way through the most popular posts on the website I knew I'd enjoy this book too. I will say that this is the kind of book that I prefer to buy in print rather than in ebook. In my opinion the images never look as good on an ereader or computer screen and this is the style of book I like to be able to just pick up and open at a random page when I need something to brighten up my day. I'm pretty sure I'll be buying myself a print copy of this to add to my collection. I was slightly disappointed that so many of the cartoons were ones I had already come across though. I would say that the majority were ones I'd seen previously on the website and like I already said I've only visited the site once. I think people who have been following the site for years might find that even more disappointing than I did. Having said that if you're new to Pusheen or a super fan of the cartoons then I'm sure the pictures will still make you smile. Pusheen is incredibly cute and reminded me a lot of my cats with her obsession with food and sleeping. If you're unsure about whether to buy the book or not then I'd highly recommend checking out the Pusheen the Cat website to help you make up your mind. The title of my review says it all. If you have ever had a cat, you will appreciate this book. If you read it with your cat, he/she may not appreciate it so much.
