## Customer Reviews

This is one of my favorite cross-stitch books. I have already stitched 3 of the Santas from it and hope to eventually stitch them all. The photography is excellent and the charts are very well done. Along with each photo is some history about the various renderings of Santa. It is a great book for stitchers and Santa collectors alike!!!

There are LOTS of GREAT designs in this book! I can't wait to get started on a few of them! They can be used for Christmas stockings, ornaments, samplers, treeskirts, etc. Sizes are given for different size aida cloth.

Great book for all the cross-stitches crazy, like me. Sorry for my englis

This is, so far, the best collection of Santas and Father Christmases I have yet encountered. The charts are color coded, and there are a great variety of designs. This is perfect for someone who knows a collector of all that is Father Christmas! I have even kept several to display myself.

I agree with other reviewers that the patterns in this book are gorgeous. I love old world Santas and this book has lots of versatile patterns as well as ideas for finishing (stockings, framed pieces, pillows, bellpulls, afghans, home decor). The patterns are full color and easy to read. The only flaw I can spot is in the photography of the finished pieces. At least two of the larger patterns are photographed in two-page spreads with the center of the design in the crease of the book. Because of the binding, it's nearly impossible to see what the center of the design looks like. I still think the patterns are worth stitching, and this little flaw offers an opportunity for a little surprise when you get to see what the finished product looks like; I just wish the editors had thought ahead when planning the layout of the book.

All of the images I contemplated purchasing separately ended up being in this one book! I am very impressed with what it has to offer as well as knowing that always keeps the prices clear for selection, and customer's ease in purchase. Thanks all around, I am very pleased with this addition to my cross stitch Christmas collection. A great buy!

This book arrived promptly and is in near perfect condition. It's the best bargain I've made in ages. I will be in Santa projects for the rest of my life. The projects are absolutely beautiful. Just a wonderful collection of patterns.

this book gives various views of Santa from different country perspective and different themes and time frames. Great reference book.
