Product Dimensions: 4.2 x 1.3 x 5.2 inches

Shipping Weight: 15.2 ounces (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (30 customer reviews)

Best Sellers Rank: #884,364 in Books (See Top 100 in Books) #29 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Dolls, Toys & Figurines > Figurines](#) #184 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Pottery & Ceramics](#) #223 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Houseware & Dining > Glass & Glassware](#)

Customer Reviews

The product pricing is too general for the value of Hummels. They give the same price on items whether they are 50 years old or just two or three. I would suggest the "Miller price guide to M.I. Hummel" figurines for accurate pricing.

Many of the Hummels listed were given a very broad price range... Since TMK 1 through TMK 7 of the same hummel is of a different value I would like to see each TMK mark valued individually.... not lumped in one category (example) Hum 175 Mothers Darling TMK 1-7 \$145.00 - \$480.00 That does not tell me the value of a TMK 4 or a TMK 5 This book is too generalized... I would never buy this book again nor would I recommend it to my friends....

I am very happy with this purchase. The guide book is in excellent condition and arrived much quicker than I thought it would. It contains all the information I was seeking to learn about Hummel collecting like what a TMK is and how to recognize the different ones, and the history of Berta Hummel. Very interesting and informative.

This Guide has many pictures of figurines although photos of detailed areas are lacking. Finding individual figurines can be somewhat complicated. Needed information is here, but may take some searching to find it.

We have a considerable collection of Hummel Figurines and Plates which we have gathered from Germany, Switzerland, Austria, England, Bahamas, and South Florida. We ordered this Warman's M.J. Hummel Field Guide from since we needed a practical source of information and price guide for our Hummels and for a reference for purchases. Since our collection began in 1972 and ran thru to date, we needed a reference book to determine the current value. This Field Guide is convenient to carry around while shopping and evaluating possible purchases.

helpful in cataloging collection. great info on size variations. pricing in different years or trademarks is helpful for insurance purposes or just for a complete inventory

For a collector, this is one of the best books on the market. It has a lot of history and useful info in it as well as pricing.

As an avid Hummel collector I was looking forward to a book with lots of pricing information and detailed descriptions of each figurine. This book is quite small size-wise. The colored pictures are lovely. But aside from the first few items there are no descriptions and minimal pricing. You can do better elsewhere.
