Publisher: Southwater (October 16, 2010)

Language: English

ISBN-10: 1844769593

ISBN-13: 978-1844769599

Product Dimensions: 9.2 x 0.4 x 11.7 inches

Shipping Weight: 1.4 pounds (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 stars [See all reviews](#) (49 customer reviews)

Best Sellers Rank: #281,217 in Books (See Top 100 in Books) #37 in [Books > Crafts, Hobbies & Home > Home Improvement & Design > Decorating & Design > Upholstery & Fabrics](#) #47 in [Books > Cookbooks, Food & Wine > Entertaining & Holidays > Tablesetting](#) #201 in [Books > Reference > Etiquette > Etiquette Guides & Advice](#)

## Customer Reviews

If you've ever admired fancy napkin designs on restaurant tables and wanted to do the same, this book is a great choice for several reasons. I bought three such books to compare and this is the one I kept. Nearly all the designs included in the others were in this book, as well as additional ones. I thought some designs were a bit ordinary and nothing I needed a book for and some were a little far-fetched, but most are just what I was looking for. One thing I particularly liked was that this book suggests what sort of napkin would work best for the design, e.g. printed paper, starched linen or whatever. Some designs even take two napkins which is usually overkill on most tables, but there are times when a first course may dirty fingers and you'd like to pick up those soiled napkins before the main course. A good example might be a fancy kids' party where multiple napkins are a good idea. Speaking of kids, the designs on my Christmas table were certainly a hit with them as well as the adults, and after dinner they set to trying other designs themselves. When I emailed a picture of my table decor to my sister her first comment was 'how did you fold those napkins?'. She often has themed dinner parties so a copy of this book is on the way for her birthday :). Regarding the instructions, while the written instructions weren't always as clear as I needed (I'm a hopeless failure at paper origami), the abundant pictures really helped so I was successful. The book is divided into

sections showing seasonal ideas as well as others, with more complicated designs together toward the end. It has a good index to help you find a design again and there are ideas included with each design on how you might use it, which I found really helpful.
