# Dinner After Dark: Sexy, Sumptuous Supper Soirees

## Synopsis

Dinner After Dark is much more than a collection of great recipes: It's a recipe for a great party, featuring stylish cocktails, stunning interiors, creative tabletops (hint: almost no cut flowers), and even advice on music, place cards, and the art of being a gracious host and guest. This is mostly cookbook, but also part decorating, part bartending, part etiquette, and part plain old bon-vivant-ism. The recipes are drawn from Colin Cowie's sophisticated international palate, focusing on the exotic. The Peri-Peri dinner offers Saketinis to start, then moves on to Curried Mussels in Coconut-Milk Broth, red-hot Peri-Peri Chicken with green olives and preserved lemons, and a luscious Orange Custard Tart. The Cuba Libre cocktail party features Escabeche of Swordfish, Picadillo in a Lettuce Cup with Fresh Tomato Salsa, Plantain Chips, and Arroz con Camarones, all washed down with Mojitos and Cuba Libres. And the intriguing Bombay Soirée includes an appetizer of Stir-Fried Shrimp with Lemon and Scallions and an entrée of Chicken Curry and Peas, served with three different cooling raitas, Mango Chutney, Pappadams, and Aromatic Basmati Rice. What's remarkable about the hundred recipes is that the dishes rely on spices rather than fats, on delicious pairings instead of interminable ingredient lists. Even more remarkable is that nearly every recipe can be prepared in less than an hour, and almost none requires last-minute cooking, allowing you to be a guest at your own party. Each party will be a fabulous one, with fun, helpful features such as: 911, entertaining emergencies and how to solve them; 411, information calls, like what a tagine is or how to trim an artichoke; OTT (Over the Top), on how to make the evening truly spectacular; and A Lighter Touch, on adapting recipes for less fat, or simply to be less heavy. All of this is presented in Colin's inimitably stylish, irrepressibly fun voice that's both entertaining and informed. Each party takes place in a uniquely beautiful location, from spectacular New York City apartments to an oh-so-very L.A. Modernist house to the beach in East Hampton. The guests are smiling and glamorous and having a good time, the decors and tabletops and food are extraordinarily appealingâ€”you want to be there. Not only will Dinner After Dark transport you, it'll allow you to bring the party to your own home.

Best Sellers Rank: #726,776 in Books (See Top 100 in Books) #125 in [Books > Cookbooks, Food & Wine > Entertaining & Holidays > Tablesetting](#)

## Customer Reviews

So you've been to France, Japan, Italy, Cuba and Russia and whatever hot international destination, or do you just want to eat and entertain like you have? This book let's you do this. Its really thorough- from making cocktails to setting the table, to making theme based dinners. The recipes are thorough too - you can have a country type garlic chicken (inexpensive) but you'll also reach for this book when you want to treat yourself to caviar (expensive). This is not the Joy of Cooking. My only complaint is some of the dishes are "heavy" and this is not a cookbook for the sake of a cookbook (some recipes are hit or miss)- there are better ones - and do take MUCH MORE THAN AN HOUR. My husband complains that its too rich. Maybe his model thin guests actually don't eat what he prepares? Also, I have his other Cookbook. Between these two, I am ready to entertain for any event. That one is more "practical" since it has non dinner recipes. If you are going to entertain to the Jet Set crowd you should get this one. For production & style & menu ideas , it lets you dream.

This book is one that I had considered several times but had been hesitant to purchase because I did not want a book that was just "fluff". This book is definitely not fluff- quite the opposite. It has beautiful pictures, interesting and very doable party ideas plus recipes. Exceeded my expectations.

I was delightfully enchanted with Colin's newest book. Having read his previous publications, I was very pleased with Colin's creativity and design style. I am always pleased with the calibre of design in all his books, but I find I am always left wanting more. Everyone has a favourite, some old hat, some new and hip to contemporary fads, but Colin is timeless, creative, and mindful of your budget. He's a Creative genius and I truly enjoyed this book. It sits on my desk at work where people come by to borrow it and have a hard time returning it!

I love this book. Each chapter and recipe makes me feel as if I am at the party with Colin. After trying most of these recipes, I now can easily make these myself as if I had created them myself.

Colin recently came out with a new book, CC Chic, which is a compliment to this book. He offers fresh tips and insights to ensuring your life goes as smoothly as possible. The master himself gives insight to what's what.

I am a huge Colin Cowie fan and couldn't wait to receive this book. Although the pictures were adequate, it fell short for me. I personally think it's a lack of his "personailty" that I am so familiar with on all his shows and appearances. That being said, I'm not getting rid of it. Lol, like I said, I'm a huge fan.
