## Customer Reviews

When I received my new tailgating cookbook I wanted to try it out immediately. I turned to the Alabama section (roll tide!) and selected a coffecake recipe. It was wonderful! The recipe was simple but delicious. Had everything needed in my pantry---no trips to the store necessary. I know why this will be an awesome cookbook for tailgating foods if the recipes I sampled are any indication of the ease and goodness of all the recipes in this book. This cookbook proves all over again that quick and easy does not mean bland and tasteless.

As usual, Southern Living comes out with some great recipes, quick and easy ingredients and all the recipes make you want to start cooking. Even if not tailgating, this book is full of great Fall

recipes that are very tempting and get you in the mood for some delicious new things to serve and enjoy.

Not as many recipes as you'd think, more nattering on about each school but not even that much about the traditions at each school. Was disappointed in this cookbook. Hoping for more recipes that were unique or even based on regions. Most are typical recipes we all already know. A few surprises that make it a three star. Overall an internet search is more effective. And I'm both an SEC fan and normally a fan of Southern Living cookbooks, the editor just seemed to have missed the mark with this one for me.

I love this book. It was purchased to give as a gift, but before I gifted it, I happened to glance at a copy a friend had. They do a great job of identifying all of the SEC schools by dish and recipe. It has been a great resource for new ideas for parties and tailgate. Easy to understand, straight forward recipes and they all are delicious. If you tailgate or just want some new party dish ideas this is a great addition to the cookbook library.

I love this book! I even watched the corresponding tv show that promoted it (and loved that) I am a collector of cookbooks, especially Junior League cookbooks, this is on par with that!

It was for a gift to a college graduate and she loves this book. It has a wonderful slick feel to it, the pages are slick too-the book is filled with all sorts of food tips, recipes and it is just useful to have around the house.

Southern Living is my go-to for recipes and I own several of their cook books. This one is great because it features each school in the SEC (even newly joined Texas A&M....WHOOOP!) and a little about their traditions and town. Has some great recipes for tailgating, both food and drinks, and the few we've tried so far have been a hit! Can't go wrong with this paperback cookbook if you love to tailgate or just love the greatest conference in the nation, the SEC!

My title pretty much says it. This is a fun read if you are a cook who's an SEC football fan. I grew up in the South and am a huge college football fan, especially the SEC (ROLL TIDE!!). I enjoyed, not only the recipes, but the small snippets of information on each football program.
