The World According To Bob: The Further Adventures Of One Man And His Streetwise Cat

Synopsis

Bob Fever has swept the globe, with *A Street Cat Named Bob* vaulting its way to #7 on The New York Times bestseller list in its first week on sale. With rights sold to 27 countries around the globe and a top spot on the British bestseller list for more than a year, this book has been a smashing success around the world. Now, James Bowen and Bob are back in *The World According to Bob* – a touching and true sequel about one man and the cat that changed his life. As James struggles to adjust to his transformation from street musician to international celebrity, Bob is at his side, providing moments of intelligence, bravery, and humor and opening his human friend's eyes to important truths about friendship, loyalty, trust - and the meaning of happiness. In the continuing tale of their life together, James shows the many ways in which Bob has been his protector and guardian angel through times of illness, hardship, even life-threatening danger. As they high-five together for their crowds of admirers, James knows that the tricks he's taught Bob are nothing compared to the lessons he's learnt from his street-wise cat. Readers who fell in love with Dewey and Marley, as well as the many fans who read *A Street Cat Named Bob*, will be eager to read the next chapters in the life of James and Bob.

I read the first one, a street cat named bob a couple of years ago. i quickly starting following James on Facebook and was excited to learn there would be a second book. i pre-ordered it as soon as it was available and waited until its release date. it was well worth the wait. it made me laugh it made me cry, and it left me wanting more. anyone who is a cat lover...not a animal lover will love this book. not only that it continues to show the power of an animal to help heal a human soul.

This is the continuing story of my favorite cat and his owner. I first met Bob in the book A Streetcat named Bob and was touched how the 2 street souls saved each other. I couldn't wait for a sequel. Here it is. The tale this time more of the interaction of Bob and James. How extraordinary Bob is and how jealous and cruel people still can be even when you are trying your best to be your best. A good read and I hope again for more on Bob and James. I am a big fan of Bob!!!

I've just finished this sequel to Mr. Bowen's first book on Bob and find it every bit as moving as the first one. I've even bought a copy of the children's version and will read that next. I've never been a fan of Facebook, but am considering joining just to find out what James and Bob do next. Also to see whether there'll be another book! I think it's great they helped raise 5,000 pounds for the animal charity!

I completely fell in love with these two awesome guys James&Bob! The second book is great as the previous one! And I really hope there will be one/two/three more:)

I have just finished reading my second Bob Book - James please write a 3rd. Cannot get enough of his adventures. I certainly hope this will be made into a Film - what a story of love, hope, life and in the end happiness.

The World According to Bob is the second book about James Bowen's life with the very special cat Bob. It is funny, touching and just a really good read. I am off to buy the related children's book, and may need to get hard copies of both books in addition to the e book versions. If I ever encounter a signing, here or in the UK, I will certainly go and stand in line. I hope to see many more books for many more years.

Another fantastic book from James and Bob. A real life adventure. Well written and thought provoking. Take the time to read this heartwarming true story!

I first heard of this via the news and then purchased the 1st book "A Street Cat Named Bob" and loved it, and then read "Bob, no ordinary cat" and now this one and all 3 are the best, very inspirational. I hope he writes many more
